

Soulful Sundowns

BRIGADE
ENCLAVE

*Fewer the storeys,
more the stories.*

Low-rise living for a community on the rise.
A lifestyle that keeps you grounded and your spirit lifted.

*Low-rise.
High-culture.*

Step out of your door and straight into the warmth
of a community winding down together.
Proof that you don't need to live in the clouds
to feel on top of the world.

*Sunday morning,
seven days a week.*

It starts with a wave across the garden
and ends with pulling up an extra chair.
Here, breakfast isn't a race against the clock;
it's a spontaneous gathering where neighbours
swap stories over shared pots of coffee
and the morning sun.

Brigade Group is one of India's leading property developers with nearly four decades of expertise in building positive experiences for all stakeholders. Instituted in 1986, the company has developed many landmark buildings and transformed the skyline of cities across South India—namely Bengaluru, Mysuru, Mangaluru, Chikmagalur, Hyderabad, Chennai, Kochi, and GIFT City, Gandhinagar. Brigade's projects span residential, commercial, retail, hospitality, and education sectors.

Since its inception, Brigade has completed over 300 buildings, amounting to more than 100 million sq.ft. (9.3 million sq.mt.) of developed space. Brigade assures best-in-class design and top-of-the-line facilities that exude elegance and sophistication. Its residential portfolio includes villas, villaments, penthouses, premium residences, luxury apartments, value homes, urban studios, independent senior living, mixed-use lifestyle enclaves, plotted developments, and integrated townships. Notable examples include Brigade Gateway, Bengaluru's first lifestyle enclave, and Brigade Exotica, one of the tallest residential buildings in the city. Brigade is also among the few developers with a strong reputation for Grade A commercial properties. As licensed owners of the World Trade Center across South India, Brigade's commercial spaces host top international clients. The group entered the co-working segment in 2019 with BuzzWorks and continues to grow this portfolio, with over 0.6 million sq.ft. of office spaces currently under development.

In retail, Brigade's flagship offering was the world-class Orion Mall at Brigade Gateway. This was followed by expansions into Orion Avenue and Orion Uptown. Brigade's hospitality vertical includes

premium hotels, recreational clubs, convention centres, and a unique patisserie, The Baking Company.

As a testament to its commitment to cultural development, Brigade is the founder of The Indian Music Experience (IME) – India's only hi-tech interactive music museum. IME was conceived as a philanthropic initiative to give back to society and preserve India's rich musical heritage. Brigade's contributions to community development include initiatives in health, education, and environmental sustainability. Through the Brigade Foundation, the group has established three schools offering holistic education, undertaken large-scale tree plantation drives, beautified urban spaces, and revived public recreational areas such as lakes and parks.

Brigade also launched the Brigade Real Estate Accelerator Program (REAP) – Asia's first startup accelerator in the real estate space. REAP is a forward-looking initiative aimed at fostering innovation and using technology to build sustainable, scalable real estate businesses. The Great Place to Work Institute has consistently rated Brigade as one of India's best real estate companies to work for. A combination of responsible practices, innovation, and uncompromising quality has cemented Brigade's reputation as a brand of excellence.

Deepening our sustainability commitment.

At Brigade Group, our core philosophy centers around shaping a radiant future with responsibility and care. Every project we embark on is infused with deep reverence for our invaluable natural resources, and each initiative resonates outward to foster positive societal transformation. We don't merely design buildings; we architect a thriving tomorrow.

Brigade's journey towards a 'Net Zero Carbon footprint by 2045' began with a comprehensive assessment of our carbon emissions. We are implementing extensive decarbonisation strategies, such as reducing energy consumption and transitioning to clean energy, which not only mitigates climate change but also creates numerous opportunities for sustainable growth. We are committed to preserving and enhancing biodiversity through green building designs, urban greening projects, and conservation efforts that protect the local ecosystem.
